## PLAN TO CUT COST OF MILK TO CONSUMER TO BE TESTED HERE BY DAIRYMEN'S LEAGUE

Distribution to Be Made Through Butchers-Commissioner Dillon Predicts Six Cent Milk Part of Year —Bordens Make New Concessions.

Tentative plans were made to-day through which the American Butchers' Association, in conjunction with the State Dairymen's League, will begin Jan. I the daily distribution of 100,000 quarts of milk in one of the outlying boroughs of New York City. This arrangement is heralded as the first step in a general movement to reduce the price of milk to the consumer, by selling directly through the butchers.

Announcement of the plan by John J. Dillon, State Commissioner of Foods and Markets, closely followed the publication of concessions by the from her youthful husband, Prince Borden and other distributing agencies by which consumers may buy milk directly from dealers at 2 cents a quart less than the established price for
